Report on operations

General information

ISP CB Pubblico S.r.l. was incorporated on 14 November 2007 and its sole business object is the acquisition for consideration from banks of loans and securities within one or more covered bond issues in accordance with Law no. 130 of 30 April 1999, as amended (Title I bis, Article 7-quinquies et seq.) and related implementing measures.

On 20 May 2009, the vehicle signed a “master sale agreement” (most recently revised on 19 April 2013) covering the sale of an initial portfolio of loans and securities and subsequent portfolios as part of a single Covered Bond Programme for which ISP CB Pubblico S.r.l. is the guarantor.

Its registered office is in Via Monte di Pietà 8, Milan and it does not have any branches and/or subsidiaries.

The vehicle does not have any employees and outsources all the functions necessary for the management of its operations, including the internal control systems, to specifically appointed third parties. Specifically, the vehicle has assigned the management of the portfolio of loans and securities acquired to the Servicer Intesa Sanpaolo S.p.A. in accordance with the provisions of Law no. 130/1999. Likewise, it has assigned the management of administrative, accounting, tax and corporate obligations to Intesa Sanpaolo S.p.A. (Administrative Services Provider).

Significant Events and Performance

In 2023, the economic environment was characterised by a high degree of complexity due to the escalation of geopolitical tensions, linked to the further war in the Middle East, and monetary policy tightening by central banks to combat inflation. In the final months of the year, however, the official rate hike phase appears to have come to an end in both the US and the Euro area, as inflationary pressures weakened. Indeed, at its meetings in October and December, the Governing Council of the European Central Bank left its key interest rates unchanged, following hikes of 50 basis points in February and March and 25 basis points in May and June, based on the view that, if the rates are kept at current levels for a sufficiently long period, they could make a substantial contribution to bringing inflation back to the expected levels.

With specific reference to the performance of the outstanding securitisation, the above-mentioned rise in interest rates, which increased by a total of 450 basis points from July last year, led to a significant increase in interest income and expenses in the presence of floating rates.

On 12 April 2023, the Quotaholders' Meeting acknowledged that the term of office of the entire Board of Statutory Auditors had ended due to the expiry of its mandate. As a consequence, the following were appointed as Statutory Auditors for the years 2023, 2024 and 2025, and therefore up to the Quotaholders' Meeting to be called for the approval of the financial statements at 31 December 2025:

- Lodovico Tommaseo Ponzetta, also appointed as Chairperson of the Board of Statutory Auditors;
- Elena Fornara;
- Enrico Rossi.

During 2023, the Programme progressed steadily, despite the macro-economic environment characterised by the rise in interest rates and no new asset disposals were carried out. There were two payment dates: the first (31 March 2023) on which the cash flows for the collection of the loans from 1 August 2022 to 31 January 2023 were received; and the second (2 October 2023) on which the cash flows for the collection of the loans from 1 February 2023 to 31 July 2023 were received.

On 26 January 2023, the fourteenth series of Covered Bonds, issued in the amount of €1,000 million, was partially redeemed for €200 million, bringing the nominal amount to a residual €800 million.

On 27 July 2023, the twelfth series of Covered Bonds, issued in the amount of €1,275 million, was partially redeemed for €150 million, bringing the nominal amount to a residual €900 million.

On 6 October 2023, the twelfth series of Covered Bonds, issued in the amount of €1,275 million, was redeemed for the remaining amount of €900 million.

On 22 November 2023, Intesa Sanpaolo S.p.A. exercised a repurchase option, accepted by the special purpose vehicle, with financial effect from 1 November 2023 and legal effect from 22 November 2023, of the entire securities portfolio held by the vehicle and identified as a block pursuant to article 58 of the Consolidated Law on Banking.

The loans were retroceded by the vehicle to the originator Intesa Sanpaolo S.p.A. for a consideration of €1,058,422,513.38.

The sales notice was published in the Italian Official Journal, Part 2, no. 153 of 30 December 2023.

The repurchase price of the assets was set, in continuity with the sale price, based on the carrying amounts of the assets on the effective date of the repurchase.

The maximum total amount of the Programme authorised by the Board of Directors on 24 May 2011 is €20 billion.

The table below summarises the main features of the covered bonds issued by Intesa Sanpaolo S.p.A. since the start of the Programme that had not yet matured and/or been cancelled and redeemed as at 31 December 2023.

All the Covered Bonds are listed on the Luxembourg Stock Exchange and are eligible for Eurosystem transactions.

The subordinated loan was repaid during the year, in the amount of €180 million, on the Guarantor Payment Date of 31 March 2023, using the cash and cash equivalents posted during the period, deriving from the collection of the principal from the assets of the underlying portfolio.

See paragraph H of Part D – Other information in the Notes to the financial statements, for more information on the vehicle's operations.

There were no other significant events in the year.

Transactions with Group Companies

As required by Article 2497 et seq. of the Italian Civil Code, it is noted that the vehicle has current accounts with Intesa Sanpaolo S.p.A., which currently bear agreed interest rates.

In accordance with the contractual documentation signed for the completion of the Transaction and valid until its termination, the vehicle has recognised the following amounts, in its segregated assets, during the year as fees for the services provided by Intesa Sanpaolo S.p.A. through the competent structures:

- €1,211,704 for servicing fees;
- €12,000 for receivable account bank fees;
- €50,000 for administrative services fees;
- €10,000 for cash management fees;
- €12,000 for account bank fees;
- €40,607 for administration, settlement and securities custody fees;
- €500 for fees for the performance of services required by the EMIR.

The contractual documentation includes, inter alia, the Servicing Agreement, the Cash Allocation Management and Payment Agreement, the Administrative Services Agreement, and the Mandate Agreement (and any amendments and/or additions thereto subsequent to the finalisation of the Transaction).

The Notes to the financial statements provide more information about the vehicle's cash transactions and commitments with the other group companies.

Significant, non-recurring, atypical and/or unusual related-party transactions

With regard to the disclosure of related-party transactions, significant and non-recurring events and transactions, and positions or transactions deriving from atypical and/or unusual transactions, the following is noted:

Related-party transactions

See Part D – Other information, Section 6 – Related-party transactions, for details of the related-party transactions.

Significant and non-recurring transactions

No significant and non-recurring transactions were carried out in 2023.

Atypical and/or unusual transactions

No atypical and/or unusual transactions were carried out in 2023.

Treasury quotas and/or shares in the parent company

The vehicle does not hold, nor has it ever held in its portfolio, treasury quotas and/or shares of the parent company.

Research and development

The vehicle does not carry out research and development.

Composition of the Quota Capital

The Quota Capital, subscribed and paid in for a total of €120,000, is divided into quotas and is held as follows:

- Intesa Sanpaolo S.p.A. holds a nominal amount of €72,000, equal to 60% of the Quota Capital;
- Stichting Viridis 2, with registered office in Amsterdam (the Netherlands), holds a nominal amount of €48,000, equal to 40% of the Quota Capital.

Management and coordination activities

In accordance with the provisions of Article 2497 bis of the Italian Civil Code, we specify that the vehicle is subject to management and coordination by the parent company Intesa Sanpaolo S.p.A.

Subsequent events

Given the limited prospects of utilisation of the ISP CB Pubblico Programme and the progressive reduction in the availability of the assets eligible to fund it in the balance sheet of the Originator Intesa Sanpaolo S.p.A., the Programme was not updated to bring it in line with the new regulations on Covered Bonds (applicable from 31 March 2023). On 25 May 2023, the Parent Company notified the Supervisory Authority of this decision, and its Board of Directors approved the termination of the Programme at its meeting of 19 December 2023.

On 25 January 2024, in preparation for the early termination of the Programme, Intesa Sanpaolo S.p.A., fully redeemed all the outstanding covered bonds (the thirteenth and fourteenth series) and will repurchase the residual loan portfolio owned by the vehicle. Consequently, the outstanding securitisation will be terminated on the payment date of 2 April 2024.

Accordingly, the vehicle's Board of Directors in its meeting of 29 January 2024, having taken note of the above and in agreement with the Parent Company's proposal, in turn authorised the early termination of the Programme.

There were no other significant events after the reporting date.

Outlook

As specified in the section above entitled “Subsequent events”, the repurchase of the vehicle’s residual loan portfolio by Intesa Sanpaolo S.p.A. is envisaged. As resolved by the Boards of Directors of the Parent Company on 19 December 2023 and of the vehicle on 29 January 2024, the ISP CB Pubblico Programme will be terminated early. On the Final Payment Date of 2 April 2024, the outstanding securitisation will be terminated.

At present, there are no plans to use the vehicle for other securitisations. The future prospects of the vehicle will therefore be determined by the Parent Company.

Going concern

In preparing the financial statements, the Board of Directors made an assessment of the existence of the conditions relating to the vehicle’s ability to operate as a going concern over a period of at least twelve months from the reporting date. In making this assessment, all available information was taken into account, as well as the specific activity conducted by the vehicle, whose exclusive purpose, in accordance with Law No. 130 of 30 April 1999, is to carry out one or more transactions involving the issuance of Covered Bonds.

The considerations made regarding the vehicle’s ability to operate as a going concern also took into account the details of the subsequent events and the outlook of operations, with particular regard to the planned termination of the ISP CB Pubblico programme. It was concluded that, even if the vehicle is not subsequently used to carry out other securitisations, upon termination of the outstanding securitisation, sufficient funds will be made available to the vehicle to guarantee its operations for the near future and in any case for the period necessary for the completion of any subsequent liquidation or merger into the Intesa Sanpaolo Parent Company.

Therefore, the Board of Directors – also in the current macroeconomic environment, which remains subject to high uncertainty related to the transmission of monetary policy impulses and the difficult international situation – has a reasonable expectation that the vehicle’s operations will continue in a stable manner.

Accordingly, the financial statements for the year ended 31 December 2023 have been prepared on a going concern basis as there are no events or conditions that could cast doubt on the vehicle’s ability to continue as a going concern.

Net income/(loss) for the year

The vehicle ended the year 2023 at break-even because the operating costs were charged back to segregated assets in accordance with the contractual agreements.

Proposal to the quotaholders to approve the financial statements

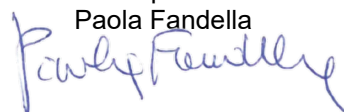

We present the financial statements as at and for the year ended 31 December 2023 for your approval. They comprise a statement of financial position, a statement of income, a statement of comprehensive income, a statement of changes in equity, a statement of cash flows, the notes to the financial statements, and this report on operations.

The vehicle ended the year 2023 at breakeven and consequently there is no allocation of profit to be made.

Notes to the financial statements

PART A - ACCOUNTING POLICIES

A.1 - GENERAL PART

SECTION 1 - Statement of compliance with the IAS/IFRS

In compliance with Legislative Decree no. 38 of 28 February 2005, the vehicle has prepared its financial statements in accordance with the International Accounting Standards (IAS) and the International Financial Reporting Standards (IFRS) applicable at 31 December 2023 issued by the International Accounting Standards Board (IASB) and the related interpretations of the International Financial Reporting Interpretations Committee (IFRIC), endorsed by the European Commission and in force at the reporting date, in accordance with Regulation (EC) no. 1606 of 19 July 2002.

The table below lists the new international accounting standards or amendments to the accounting standards already in force, together with the related endorsement regulations by the European Commission, which came into force in 2023.

International accounting standards endorsed as at 31.12.2023 and effective from 2023

SECTION 2 - Basis of preparation

The vehicle has the sole purpose of acquiring loans and securities funded in accordance with Law no. 130 of 30 April 1999, in connection with covered bonds transactions. The Company has recorded the financial assets, securities acquired and the other transactions connected with the covered bonds in the notes to the financial statements consistently with the provisions of Law no. 130 of 30 April 1999, according to which the receivables and securities involved in each covered bond transaction are, to all effects, separated from the net assets of the Company and from those related to other transactions.

For the purposes of full disclosure, we note that the IAS/IFRS accounting treatment to be applied to financial assets and/or groups of financial assets and financial liabilities arising from “covered bank bond issues” is still subject to further examination by the bodies responsible for interpreting the accounting standards.

The financial statements are prepared with the application of the general principles set out by IAS 1 and the specific financial reporting standards endorsed by the European Commission and described in Part A.2 of these notes to the financial statements, as well as in compliance with the general assumptions set forth by the Conceptual Framework for the preparation and presentation of Financial Statements issued by the IASB. No departures from the IAS/IFRS have been made.

Pursuant to the provisions of Legislative Decree no. 38 of 28 February 2005, the vehicle has opted to prepare its financial statements in accordance with the IAS/IFRS, as it is included in the consolidation scope of Intesa Sanpaolo S.p.A.

The financial statements comprise a statement of financial position, a statement of income, a statement of comprehensive income, a statement of changes in equity, a statement of cash flows, and these notes to the financial statements. They are accompanied by a directors' report on operations which comments on the vehicle's performance, results, financial position and cash flows for the year.

As required by the current regulations, the vehicle has prepared the financial statements using the Euro as its functional currency.

The amounts in the financial statements, these notes and the report on operations are presented in Euros.

To give priority to substance over form, and in view of the fact that IAS 1 does not establish rigid formats, the layouts that apply to financial intermediaries have been used in these financial statements, in accordance with the guidance provided in the update of the document “The IFRS financial statements of intermediaries other than banking intermediaries” issued by the Bank of Italy on 17 November 2022.

The financial statements are prepared with the intention of presenting a true and fair view of the assets and liabilities, financial position, results of operations and cash flows, according to the following basis of preparation:

- Going concern (IAS 1 paragraphs 25 and 26): in preparing the financial statements, the Board of Directors made an assessment of the existence of the conditions relating to the vehicle's ability to operate as a going concern over a period of at least twelve months after the reporting date. In making this assessment, all available information was taken into account, as well as the specific activity conducted by the vehicle, whose exclusive purpose, in accordance with Law No. 130 of 30 April 1999, is to carry out one or more transactions involving the issuance of Covered Bonds.

The considerations made regarding the vehicle's ability to operate as a going concern also took into account the details of the subsequent events and the outlook of operations, with particular regard to the planned termination of the ISP CB Pubblico programme. It was concluded that, even if the vehicle is not subsequently used to carry out other securitisations, upon termination of the outstanding securitisation, sufficient funds will be made available to the vehicle to guarantee its operations for the near future and in any case for the period necessary for the completion of any subsequent liquidation or merger into the Intesa Sanpaolo Parent Company.

Therefore, the Board of Directors – also in the current macroeconomic environment, which remains subject to high uncertainty related to the transmission of monetary policy impulses and the difficult international situation – has a reasonable expectation that the vehicle's operations will continue in a stable manner.

Accordingly, the financial statements for the year ended 31 December 2023 have been prepared on a going concern basis as there are no events or conditions that could cast doubt on the vehicle's ability

- to continue as a going concern.
- Accrual basis of accounting (IAS 1 paragraphs 27 and 28): except for the cash flow reporting, the financial statements are prepared on the basis of accrual of costs and revenues, irrespective of the time of their monetary settlement and according to the matching principle;
 - Consistency of presentation (IAS 1 paragraph 29): the criteria for the presentation and classification of items in the financial statements are retained from one year to the next in order to ensure the comparability of information, unless otherwise required by an international accounting standard or an interpretation, or the need arises, in terms of significance, for a more appropriate presentation of the information. Where feasible, the change is adopted retrospectively and the nature, reason and amount of the items affected by the change is disclosed;
 - Aggregation and materiality (IAS 1 paragraph 29): all significant aggregations of items with a similar nature or function are presented separately. Items of a dissimilar nature or function, if material, are presented separately;
 - Offsetting (IAS 1 paragraph 32): assets and liabilities and costs and revenues cannot be offset against each other, unless specifically required or permitted by the international accounting standards or by an interpretation of those standards or by the instructions issued by the Bank of Italy;
 - Comparative information: except when otherwise permitted or required by an international accounting standard or interpretation, comparative information is presented in respect of the preceding year for all the amounts recorded in the current year's financial statements.

The accounting policies applied to prepare these financial statements as at 31 December 2023 did not change from those used for the annual financial statements as at 31 December 2022.

The financial statements and the tables in the Notes include the corresponding figures at 31 December 2022.

SECTION 3 - Subsequent events

Given the limited prospects of utilisation of the ISP CB Pubblico Programme and the progressive reduction in the availability of the assets eligible to fund it in the balance sheet of the Originator Intesa Sanpaolo S.p.A., the Programme was not updated to bring it in line with the new regulations on Covered Bonds (applicable from 31 March 2023). On 25 May 2023, the Parent Company notified the Supervisory Authority of this decision, and its Board of Directors approved the termination of the Programme at its meeting of 19 December 2023.

On 25 January 2024, in preparation for the early termination of the Programme, Intesa Sanpaolo S.p.A., fully redeemed all the outstanding covered bonds (the thirteenth and fourteenth series) and will repurchase the residual loan portfolio owned by the vehicle. Consequently, the outstanding securitisation will be terminated on the payment date of 2 April 2024.

Accordingly, the vehicle's Board of Directors in its meeting of 29 January 2024, having taken note of the above and in agreement with the Parent Company's proposal, in turn authorised the early termination of the Programme.

There were no other significant events after the reporting date.

SECTION 4 - Other aspects

The financial statements of ISP CB Pubblico S.r.l are subject to statutory audit by EY S.p.A.. In accordance with the provisions of Article 2497 bis of the Italian Civil Code, we specify that the vehicle is subject to management and coordination by the parent company Intesa Sanpaolo S.p.A.

No atypical and/or unusual transactions or significant, non-recurring transactions were carried out in 2023.

As duly approved by the Board of Directors on 25 September 2018, the vehicle subscribed to the Intesa Sanpaolo VAT Group on 24 October 2018, by selecting the declaration option provided in the specific website set up by the Italian Revenue Agency. As a result, with effect from 1 January 2019, the vehicle suspended its VAT number and adopted the VAT number 11991500015 of the Intesa Sanpaolo VAT Group, accepting the "Group VAT Rules".

A.2 - DISCLOSURE ON MAIN CAPTIONS

This section sets out the accounting policies adopted in preparing the financial statements at 31 December 2023, solely for the statement of financial position and income statement captions presented in the financial statements. The recognition, classification, measurement and income recognition and derecognition criteria are given for each asset and liability caption. These criteria have not changed from the previous year.

Cash and cash equivalents

This caption includes on-demand receivables from banks represented by current accounts held with the Parent Company Intesa Sanpaolo S.p.A.

Other assets

This caption comprises assets not attributable to other asset captions of the statement of financial position. Those captions are stated at nominal value, which corresponds to their estimated realisable value.

Other liabilities

This caption comprises all liabilities not attributable to other liability captions in the statement of financial position, and mainly includes operational liabilities and other short-term liabilities. Specifically, the caption includes the vehicle's payables to the segregated assets for advances received to cover future vehicle operating expenses. Other liabilities are recognised at fair value, increased by any transaction costs/income. They are subsequently measured at amortised cost using the effective interest method. Current liabilities and other liabilities are an exception when the time value of money is negligible. They are maintained at their original amount and any related costs are taken to profit or loss on a straight-line basis over the contractual term of the liability.

Financial and other liabilities are derecognised when they are settled.

Tax assets and liabilities

Current and deferred taxes are recognised using ruling rates.

Income taxes are recognised in profit or loss.

They are calculated using a prudent estimate of the current tax expense, deferred tax assets and liabilities. Specifically, deferred tax assets and liabilities are determined on temporary differences (without time limits) between the carrying amounts of assets and liabilities and their tax bases.

Deferred tax assets are only recognised when their recovery is certain, depending on the vehicle's ability to continuously generate taxable profit.

Deferred tax liabilities are recognised.

Deferred tax assets and liabilities are recognised in the statement of financial position without offsetting as Tax assets and Tax liabilities, respectively.

There were no deferred tax assets or liabilities at the reporting date.

Recognition of revenue and expenses

Expenses are recognised in the statement of income when there is a decrease in future economic benefits resulting in a decrease in assets or an increase in liabilities for which the amount can be reliably measured.

Expenses are recognised in the statement of income based on cost and revenue matching.

Revenues are recognised in the statement of income when an increase in future economic benefits occurs resulting in an increase in assets or a decrease in liabilities that can be reliably measured.

Expenses and revenue are recognised on an accrual basis.

In view of the exclusive nature of the operations carried out by the vehicle, the operating costs are charged to the Covered Bond Programme, up to the amount necessary to ensure the vehicle's financial stability, as also provided for by the Intercreditor Agreement and reported in the Prospectus for the securitisation carried out. This amount is classified under "Other operating expenses/income" and is the main revenue caption in the vehicle's financial statements.

Other information

The vehicle does not hold and has never held treasury quotas.

The vehicle does not hold and has never held quotas or shares of its parents.

A.3 – DISCLOSURE ON TRANSFERS BETWEEN FINANCIAL ASSET PORTFOLIOS

In accordance with the disclosure required by IFRS 7, we note that during the year no financial assets were transferred between the various portfolios.

A.4 - DISCLOSURE ON FAIR VALUE

In view of the company's activities and captions of the statement of financial position, there is no information to be provided in connection with the disclosure required by IFRS 13.

A.5 – INFORMATION ON DAY ONE PROFIT/LOSS

There is no information to be provided on the day one profit/loss under IFRS 7, paragraph 28, because the vehicle did not use any financial instruments in 2023 in its ordinary operations.

The information relating to Part B, Part C and Part D of the notes is provided below. It does not include information regarding circumstances that do not concern the financial statements or tables relating to accounting captions that are not present.

H. COVERED BONDS

Basis of preparation and accounting policies used to prepare the Summary of the securitised assets

This section provides the qualitative and quantitative information required by the Bank of Italy provisions relating to vehicles for assets underlying Covered Bonds in its Order "The financial statements of IFRS intermediaries other than banking intermediaries" of 17 November 2022.

In view of the fact that the aforementioned Order does not provide for detailed indications and specific tables, the information contained in this section has been provided according to the information scheme expressly requested for the part "F. Securitisation" of Bank of Italy Order of 15 December 2015, suitably adapted to covered bond transactions, in continuity with previous years.

The entries relating to the securitised loans and instruments match the figures in the accounting records and IT system of the servicer Intesa Sanpaolo S.p.A.

The accounting policies for the most significant captions are set out below.

Securitised assets - Loans and receivables

Loans and receivables have been recognised at their residual value at the securitisation date, net of collections received up to the reporting date and any adjustments calculated to determine the estimated realisable value, according to the valuation method used by the servicer Intesa Sanpaolo S.p.A.

Securitised assets – Securities

The securities are stated at their nominal value, which corresponds to the redemption amount, net of collections received up to the reporting date and any adjustments calculated to determine the estimated realisable value, according to the valuation method used by the servicer Intesa Sanpaolo S.p.A.

At 31 December 2023, there were no securities because these were repurchased by the Parent Company on 22 November 2023.

Utilisation of cash deriving from the management of securitised assets – Liquidity

Liquidity is represented by the loans from banks posted at nominal value, which equals the estimated realisable value, including any accruals of interest.

Loans received

The loans received are recognised at their nominal value including interest accrued as at the reporting date.

Other assets - Other liabilities - Prepayments and accrued income, deferred income and accrued expenses

Other assets are stated at nominal value corresponding to their estimated realisable value. Other liabilities are stated at nominal value. Prepayments and accrued income, and deferred income and accrued expenses are recognised on an accrual basis in line with the revenue and expense for the year.

Derivatives

To protect the vehicle, derivatives are used to hedge the interest rate risk of the portfolios sold. On these derivatives, entered into with the originator, only the accruals on differentials being accrued are recognised. As with the hedged instruments, the changes in fair value are not recognised, given that the hedging instruments have economic and financial characteristics that are substantially aligned with the hedged items.

Interest, fees and commissions, income and expense

Costs and revenue related to the securitised assets and loans received, interest, fees and commissions, income, other expense and revenue are all recognised on an accrual basis. All vehicle operating expenses are charged to the Covered Bond Programme.

Tax treatment of the segregated assets

Circular 8/E of 6 February 2003 issued by the Italian Revenue Agency defined the tax treatment of the segregated assets of securitisation vehicles (“vehicles”) and reiterated that the earnings deriving from the management of the securitised assets, during the implementation of the transactions concerned, are not available to the vehicle. In fact, it considers that the allocation of “segregated” assets excludes the vehicle from having a relevant income for tax purposes. It is only at the end of each securitisation that any residual earnings from the management of the securitised portfolio – which remain after all creditors of the segregated assets have been satisfied and of which the vehicle is the beneficiary – will be subject to taxation, because they will become legally available to the vehicle and will therefore contribute to generating its taxable income.

Lastly, in accordance with Resolution no. 77/E of 4 August 2010 of the Italian Revenue Agency, where the segregated assets include receivables for withholding tax applied on interest income accrued on current accounts, that withholding tax may be deducted by the vehicle in the year in which the securitisation is completed.

Additional Interest Amount

The representation of the performance of the securitisation requires the recognition, in the event of a positive result, of an Additional Interest Amount to be paid to the Issuer of the Subordinated Loan/Originator (as an offsetting entry to a debt). In the event of a negative result, an adjustment is first made to the Additional Interest Amount, as an offsetting entry to a reduction of the debt, up to the amount of the debt, followed by the recognition of a receivable from the Issuer of the subordinated loan/Originator, up to the amount of the subordinated loan received, and, residually, the recognition of the negative result with “open” balances, showing any general negative performance of the securitisation at the bottom of the “Summary of the securitised assets”.

This approach, at a given date over the life of a securitisation, better represents the profit and loss values and specific contractual commitments of the securitisation, on an accrual basis.

With regard to the classification of the loans in accordance with the provisions of Bank of Italy Circular no. 262/2005 and the IAS/IFRS and the EU supervisory regulations, 99.99% of the loans net of impairment losses consist of performing exposures.

For the sake of completeness, it should be noted that as at 31 December 2023 there were no outstanding loans that constituted new liquidity, granted through public guarantee mechanisms issued within the COVID-19 framework.

QUALITATIVE INFORMATION

Description of the Issue Programme and its performance

The Programme

On 20 May 2009, ISP CB Pubblico S.r.l., as part of a Programme of issuance of Covered Bonds by Intesa Sanpaolo S.p.A., entered into a “Master Sale Agreement”, most recently amended on 19 April 2013, pursuant to and for the purposes of the combined provisions of Article 7-bis and 4 of Law No. 130 of 30 April 1999, as amended, and Article 58 of the Consolidated Law on Banking, which governs the sale of an initial portfolio of loans and securities and the subsequent sales. ISP CB Pubblico S.r.l. is the vehicle in which the assets are segregated as collateral for the holders of the covered bonds, for which the company is guarantor.

Specifically, the Programme involves, on the one hand, an initial sale and subsequent sales without recourse of loans and securities with local governments and public entities, under the “Master Sale Agreement” and, on the other hand, the tranching issuance of Covered Bonds by Intesa Sanpaolo S.p.A. up to a maximum amount of €10 billion.

On 24 May 2011, the Board of Directors authorised an increase in the Programme to €20 billion.

The loans included in the portfolios sold were selected by the originator based on predetermined criteria aimed at ensuring their legal and financial uniformity, in order to establish a group of mortgage loans identifiable as a bloc, in accordance with Law 130/99 and Article 58 of the Consolidated Law on Banking, as they complied with the criteria listed in Annexes 1 “Common Criteria” and 5 “Characteristics for the Selection of the Securities” of the Master Sale Agreement and the “Specific Criteria” identified in the Offers for the subsequent sales.

The loans sold must be of prime quality in order to guarantee the holders of the Covered Bonds. If the loans no longer meet the above-mentioned requirements, the loan portfolios must be restored by purchasing other loans or replacing those that no longer meet the requirements.

In accordance with this Programme structure, the Vehicle has carried out the following.

Initial Sale

Banca Intesa Infrastrutture e Sviluppo S.p.A. - BIIS S.p.A. (now Intesa Sanpaolo S.p.A. following the partial spin-off to the latter on 1 December 2012 with deed no. 1,655, file no. 564 notarised by notary Morone on 21 November 2012), sold the vehicle the first loan portfolio on 20 May 2009. The transaction became effective on 1 May 2009 and cost approximately €3.8 billion (the carrying amount of the loans at 1 May 2009).

The portfolio complies with the block criteria as per Law no. 130/99 and was identified using the objective criteria published in the Italian Official Journal of 16 June 2009.

The consideration paid for the assets was determined using the carrying amounts in the originator’s financial statements as required by sector regulations, adjusted appropriately to reflect quantitative and objective changes made up until the sale’s effective date.

BIIS S.p.A. (now Intesa Sanpaolo S.p.A.) granted the vehicle subordinated loans to allow it to finance the acquisition of the loans. These loans partly reflect the financial profile of the bonds issued by Intesa Sanpaolo S.p.A. and allow BIIS S.p.A. (now Intesa Sanpaolo S.p.A.) to maintain an excess spread, equal to the difference between the return on the portfolio and the transaction’s total cost (payment of costs and expenses of the vehicle and all the parties involved in the transaction). The vehicle will repay the subordinated loan at the last redemption date or the extended redemption date of the covered bonds, respecting the applicable priority order and funds available, although it is obliged to repay the loan early if the conditions set out in the related agreement materialise.

Subsequent Sales

Subsequent to the initial sale, the vehicle purchased various portfolios of loans and securities without recourse from the originator BIIS S.p.A. (now Intesa Sanpaolo S.p.A.) and, after 1 December 2012 from Intesa Sanpaolo S.p.A., in accordance with the “Common Criteria” laid down in the Master Sale Agreement and the “Specific Criteria” identified in the sale offers made from time to time, as well as some securities.

The consideration paid for the assets is determined using the carrying amounts in the originator’s financial statements as required by the sector regulations, adjusted appropriately to reflect quantitative and objective changes made up until the sale’s effective date. For repurchases, the price of the assets is set, in continuity with the sale price, based on the carrying amounts of the assets of the originator on the effective date of the repurchase.

The sales that have taken place since the start of the Programme through to 31 December 2023 are summarised below:

(1) Exercise of the Repurchase Option pursuant to Article 17 of the Master Sale Agreement

(2) Private agreement notarised at the Office of the Notaries Pietro Sormani and Stefano Ajello on 7 September 2020 with signing of the deed of sale no. 67124, file no. 14131

The repurchase price of the assets was set, in continuity with the sale price, based on the carrying amounts of the assets of the originator on the effective date of the repurchase.

Pursuant to Article 7-bis.1 of Law no. 130/99 and Article 4 of the Ministry for the Economy and Finance decree, the vehicle granted a first-demand autonomous, irrevocable and unconditional guarantee to the bondholders with limited recourse to the cover pool assets (the covered bonds guarantee). In accordance with the covered bonds guarantee, if the issuer defaults (i.e. non-payment by the Issuer of interest and/or principal on the bonds) and following receipt of a notice to pay from the bondholders' representative, to be sent as per the Intercreditor Agreement, the vehicle will meet the issuer's obligations with the bondholders in line with the originally agreed terms and conditions to the extent of the segregated assets. The guarantee agreement was also signed by Intesa Sanpaolo S.p.A. as acknowledgement of its issue by the vehicle to the bondholders and of the related terms and conditions.

Italian law requires that the validity of the guarantee be checked over the bonds' term. Accordingly, Banca Finint S.p.A. (which absorbed the subsidiary Securitisation Services S.p.A. in 2020 by means of merger), performs tests of the portfolio, in its capacity as the calculation agent. To check whether the nominal amount, present value and interest flows (considering the hedging swaps and the transaction costs) of the portfolio allow the vehicle, where necessary, to pay the interest and principal of the issued bonds. B.D.O. Italia S.p.A. checks the tests' accuracy as the asset monitor, which has to be an audit company as per the supervisory instructions. Management of the portfolio over the transaction term is regulated by a portfolio administration agreement signed, inter alia, by the vehicle and Intesa Sanpaolo S.p.A.

On 21 November 2012, BIIS S.p.A. and Intesa Sanpaolo S.p.A. signed a partial spin-off deed whereby the operations of BIIS S.p.A. were transferred to Intesa Sanpaolo S.p.A. The latter took over all BIIS S.p.A.'s legal relationships on 1 December 2012, including those for the Programme. As a result of this spin-off, Intesa Sanpaolo S.p.A. took on the roles previously held by BIIS S.p.A. (originator, servicer, swap counterparty, lender of the subordinated loan and receivables collection account bank).

The transaction's financial structure provides for the six-monthly payment of the transaction costs, i.e., at the payment dates of 31 March and 30 September of each year.

Information about the cash flows and payments of 2023 is set out below.

Twenty-seventh Payment Date (31 March 2023)

On 31 March 2023, the vehicle made the payments in accordance with the Prospectus for the collections received from 1 August 2022 to 31 January 2023.

The Interest Available Funds distributable by the vehicle amounted to €136.2 million, of which:

- €60.4 million as collections on the portfolio for interest payments
- €34.9 million as the reserve amount
- €4.3 million as accrued interest on current accounts
- €36.6 million as a collection from the swap counterparty

The following payments were made with these funds:

- €88 thousand as the reimbursement of corporate costs and advances to organise the transaction
- €780 thousand as remuneration to the third parties that provided services to the vehicle
- €60.4 million as payment to the swap counterparty
- €28.3 million as Interest Accumulation Amount
- €46.6 million as the reserve amount.

The amount of €180 million was also used from the principal available funds (totalling €386.1 million) to partially repay the subordinated loan.

Twenty-eighth Payment Date (2 October 2023)

On 2 October 2023, the vehicle made the payments in accordance with the Prospectus for the collections received from 1 February 2023 to 31 July 2023.

The Interest Available Funds distributable by the vehicle amounted to €201.4 million, of which:

- €60 million as collections on the portfolio for interest payments
- €46.6 million as the reserve amount
- €6.8 million as accrued interest on current accounts
- €59.6 million as a collection from the swap counterparty
- €28.3 million as Interest Accumulation Amount

The following payments were made with these funds:

- €20 thousand as the reimbursement of corporate costs and advances to organise the transaction
- €701 thousand as remuneration to the third parties that provided services to the vehicle
- €60 million as payment to the swap counterparty
- €49.2 million as Interest Accumulation Amount
- €91.4 million as the reserve amount.

The Principal Available Funds totalled €359.1 million.

Paying Agent	Deutsche Bank S.p.A.
Representative of the Covered Bondholders	Banca Finint S.p.A.
Calculation Agent	Banca Finint S.p.A.
Asset Monitor	BDO Italia S.p.A.
Luxembourg Listing Agent	Deutsche Bank Luxembourg S.A.
Rating Agency	Moody's Investors Service (Moody's or the Rating Agency).
Swap Service Provider	Intesa Sanpaolo S.p.A.
CB Hedging Counterparty:	Intesa Sanpaolo S.p.A.
TBG Hedging Counterparty:	Intesa Sanpaolo S.p.A.

Up until 30 November 2012, when it was replaced by Intesa Sanpaolo S.p.A. (as per the spin-off deed of 21 November 2012), BIIS S.p.A. collected and managed the securitised loans and securities on behalf of the vehicle. Intesa Sanpaolo S.p.A. is also the servicer as per Law no. 130/99 and it may sub-delegate activities to third parties. Intesa Sanpaolo S.p.A. provides IT infrastructure, including via Intesa Sanpaolo Group Services S.C.p.A. (now merged into Intesa Sanpaolo S.p.A.), and performs the back-office activities for collections on the securitised loans, as per the Group's regulations. As servicer, Intesa Sanpaolo S.p.A. is also responsible for ensuring that the transaction activities comply with the law and the Prospectus, as per Article 2, paragraph 6 bis, of Law no. 130 of 30 April 1999.

Intesa Sanpaolo S.p.A. and the vehicle have signed an administrative services agreement under which the former provides the vehicle administrative, accounting and corporate services (including book keeping, tax returns and corporate activities).

Following the enactment of the EMIR, which imposes specific regulatory obligations on parties to OTC derivative contracts, in February 2014, Intesa Sanpaolo Group Services S.C.p.A. (now merged into Intesa Sanpaolo S.p.A.) and Intesa Sanpaolo S.p.A. were entrusted with the performance of certain of these mandatory activities as representatives of the vehicle (specifically, Intesa Sanpaolo Group Services S.C.p.A. – now merged into Intesa Sanpaolo S.p.A. – is responsible for reconciling the portfolios and managing disputes while Intesa Sanpaolo S.p.A. is in charge of reporting).

The amounts collected by the Servicer Intesa Sanpaolo S.p.A. are paid into accounts opened with it. Intesa Sanpaolo S.p.A., also acts as Account Bank and Cash Manager for the transaction and manages the liquidity between the collection and Payment Dates established by the relevant agreements.

Intesa Sanpaolo S.p.A. receives a fee in line with market conditions for these services.

Intesa Sanpaolo S.p.A. selected Deutsche Bank as the paying agent for the covered bonds. Banca Finint S.p.A. (which absorbed the subsidiaries Securitisation Services S.p.A. and FISG S.r.l. by merger in 2020) has been selected for the roles of Representative of the Holders of the Covered Bonds and Calculation Agent. The Luxembourg listing agent is currently Deutsche Bank Luxembourg S.A., while B.D.O. Italia, as mentioned above, acts as asset monitor.

All the above parties signed the Intercreditor Agreement, acknowledging and accepting that all the vehicle's obligations, as per the transaction documents, are limited recourse obligations, conditioned by and limited to its available funds and that these funds can only be used by the vehicle in accordance with the payment priority order set out in the aforesaid Intercreditor Agreement up until full redemption of the Covered Bonds and

satisfaction of all other creditors' claims.

Banca IMI S.p.A. (now merged into Intesa Sanpaolo S.p.A.) assisted Intesa Sanpaolo S.p.A. to structure the transaction as arranger of the first issuance.

Issue characteristics

The main characteristics of the covered bonds issued by Intesa Sanpaolo S.p.A. (the issuer) as part of the Covered Bond Programme, for which ISP CB Pubblico S.r.l., as guarantor of the bonds, has issued the covered bond guarantee to the bondholders, are set out below.

At the reporting date, all the Covered Bonds issued under the Programme were subscribed by Intesa Sanpaolo S.p.A., were listed on the Luxembourg Stock Exchange, and were eligible for Eurosystem transactions, and pay six-monthly coupons on 6 April and 6 October of each year.

Related financial transactions

Fifteen derivative contracts were initially entered into with the originator BIIS S.p.A. (now Intesa Sanpaolo S.p.A.), of which thirteen total balance guaranteed swaps, to hedge the interest rate risk of the portfolios sold, and two covered bond swaps, to hedge the interest rate risk connected to the Covered Bonds issued deriving from possible default by the Issuer.

At 31 December 2023, twelve total balance guaranteed swaps were in place to hedge the interest rate risk of the portfolios sold, with a total notional amount of €2.9 billion.

The vehicle's operating powers

The vehicle may invest the available cash collected during each collection period until the next payment date via the cash manager. The investment characteristics (eligible investments and authorised investments) are agreed with the rating agency.

Section 3 – Risks and related hedging policies

3.1 Credit risk

Qualitative disclosure

1. General aspects

The vehicle only has on-demand receivables consisting of current accounts held with Intesa Sanpaolo S.p.A., which are not considered to have any credit risk.

With regard to the segregated assets, the vehicle is subject to risks arising from the failure to collect amounts due from debtors and the servicer's failure to perform its duties and commitments to collect sufficient funds to meet its payment obligations under the Programme. These risks are mitigated by the issuance of Covered Bonds by Intesa Sanpaolo S.p.A. for a total amount that is lower than the value of the portfolios of Securitised loans.

At 31 December 2023, all the covered bonds issued under the Programme were subscribed by Intesa Sanpaolo S.p.A.

Quantitative disclosure

Although on-demand receivables meet the definition of on-balance sheet credit exposures, by convention they are not included in the tables in Section 3.1, except in the specifically identified cases in which they must be considered.

The table below refers to the vehicle's operations.

"On-demand on-balance sheet exposures" include on-demand receivables from banks classified in the caption "Cash and cash equivalents" and consisting of current accounts held with Intesa Sanpaolo S.p.A.

3.2 Market risk

3.2.1 Interest rate risk

Qualitative disclosure

1. General aspects

The vehicle is not exposed to interest rate risk because it only has on-demand receivables consisting of current accounts held with Intesa Sanpaolo S.p.A.

With regard to the segregated assets, the interest rate risk mainly consists of the potential loss arising from changes in interest rates between the securitised assets and the Covered Bonds and only occurs when the Issuer is no longer able to meet its commitments arising from the Covered Bond issuances. This risk is mitigated by the vehicle by entering into total balance guaranteed swaps with the counterparty Intesa Sanpaolo S.p.A. to hedge the interest rate risk of the portfolios sold. For more details, see the section “Related financial transactions” of the “qualitative disclosure” in Part H – Covered Bonds.

In addition, as at 31 December 2023 all the covered bonds issued under the Programme were subscribed by Intesa Sanpaolo S.p.A..

Quantitative disclosure

The table below refers to the vehicle’s operations.

3.2.3 Foreign Exchange risk

The company does not hold any assets or liabilities in foreign currencies subject to foreign exchange risk.

3.3 Operational risk

Qualitative disclosure

1. General aspects, management processes and operational risk measurement methods

With regard to operational risk, you are reminded that the vehicle does not have any employees and that the vehicle has delegated the activities necessary for the operational management of the segregated assets to specialist professional providers of financial and regulatory services for these operations.

3.4 Liquidity risk

Qualitative disclosure

1. General aspects, management processes and liquidity risk measurement methods

The v believes that it has sufficient available cash to meet its commitments, because the contractual provisions establish that, on the Payment Dates, the vehicle will be reimbursed from the segregated assets for the operating expenses incurred to maintain it in good standing.

With regard to the liquidity risk of the segregated assets, the structure of the transaction, as governed by the related contracts, requires the vehicle, in accordance with the provisions of Article 1, paragraph 1, subparagraph b), of Law 130 of 30 April 1999, to only use the collections from the securitised assets on each payment date to “satisfy the rights embedded in the securities issued, by it or by another company, to fund the purchase of those loans and pay transaction costs”.

In any event, the structure of the transaction provides that where the collections from the securitised assets are, temporarily, insufficient to meet the obligations assumed, the vehicle can make use of the instruments indicated in the paragraph “Related financial transactions” of the “Qualitative disclosure” in Part H – Covered Bonds.

Quantitative disclosure

The table below refers to the vehicle's operations.

Disclosure on risks

Pursuant to Article 7-sexies, sub-para c), of Law 130 of 30 April 1999 and Article 4 of the Ministry for the Economy and Finance decree, ISP CB Pubblico S.r.l. granted a first-demand autonomous, irrevocable and unconditional guarantee to the bondholders with limited recourse to the cover pool assets (the covered bonds guarantee). In accordance with the covered bonds guarantee, if the issuer defaults (i.e. non-payment by the issuer of interest and/or principal on the bonds) and following receipt of a notice to pay from the bondholders' representative, to be sent as per the Intercreditor Agreement, the vehicle will meet the issuer's obligations with the bondholders in line with the originally agreed terms and conditions to the extent of the segregated assets. The risk of partial or total non-collection of the cover pool assets included in the segregated assets has been transferred to the originator Intesa Sanpaolo S.p.A., which granted ISP CB Pubblico S.r.l. a subordinated loan which it used to fully finance the transaction.

Section 4 - Equity

4.1 Equity

4.1.1 Qualitative disclosure

The management of the vehicle's assets consists of the set of policies that determine their size in order to ensure that they are adequate for the vehicle's operations and meet the quantitative and qualitative requirements established by law.

The vehicle was established in accordance with Law no. 130 of 30 April 1999, in the form of a limited liability company, and its sole purpose is to carry out loan securitisations.

As provided for by Law no. 130 of 30 April 1999, the characteristic of the vehicle's activity is the separation of its assets and liabilities from the segregated assets of the securitisations it owns. As a result of this segregation, the costs incurred to maintain the vehicle's good standing are low and, in any case, recovered through specific contractual provisions that provide for their chargeback to the securitisation.

This ensures that ISP CB Pubblico S.r.l. maintains adequate levels of capital while executing the Covered Bond Programme.

4.1.2 Quantitative disclosure

4.1.2.1 Equity: breakdown

The vehicle's equity, amounting to €168,930, consists of Quota Capital of € 120,000, split into quotas, the legal reserve (€ 2,448) and the extraordinary reserve (€ 46,482).

Independent auditor's report pursuant to article 14 of Legislative Decree n. 39, dated 27 January 2010 (Translation from the original Italian text)

To the Quotaholders of
ISP CB Pubblico S.r.l.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ISP CB Pubblico S.r.l. (the "Company"), which comprise the statement of financial position as at 31 December 2023, the statement of income, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 December 2023 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISA Italia). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the Company in accordance with the regulations and standards on ethics and independence applicable to audits of financial statements under Italian laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to "Part A - Accounting policies" of the notes to the financial statements where the Directors state:

- a) that the Company has the sole purpose of acquiring loans and securities funded in accordance with Law n. 130 of 30 April 1999, in connection with covered bonds transactions. As described by the Directors, the Company has recorded the acquired receivables, the securities purchased and the other transactions connected with the covered bonds in the notes to the financial statements consistently with the provisions of Law n. 130 of 30 April 1999 according to which the receivables and securities involved in each covered bond transaction are, to all effects, separated from the net assets of the Company and from those related to other transactions. Our opinion is not qualified in respect of this matters.
- b) reasons that led them to prepare the financial statements at 31 December 2023 following the going concern assumption.

Our opinion is not qualified in respect of these matters.

Responsibilities of the Directors and of the Board of Statutory Auditors for the Financial Statements

The Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the European Union, and, within the terms provided by the law, for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Directors are responsible for assessing the Company's ability to continue as a going concern and, when preparing the financial statements, for the appropriateness of the going concern assumption, and for appropriate disclosure thereof. The Directors prepare the financial statements on a going concern basis unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Board of Statutory Auditors (Collegio Sindacale) is responsible, within the terms provided by the law, for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISA Italia) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing (ISA Italia), we have exercised professional judgment and maintained professional skepticism throughout the audit. In addition:

- we have identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- we have obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- we have evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors;

- we have concluded on the appropriateness of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to consider this matter in forming our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- we have evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We have communicated with those charged with governance, identified at an appropriate level as required by ISA Italia, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Compliance with Other Legal and Regulatory Requirements

Opinion pursuant to article 14, paragraph 2, subparagraph e), of Legislative Decree n. 39, dated 27 January 2010

The Directors of ISP CB Pubblico S.r.l. are responsible for the preparation of the Report on Operations of ISP CB Pubblico S.r.l. as at 31 December 2023, including its consistency with the related financial statements and its compliance with the applicable laws and regulations.

We have performed the procedures required under audit standard SA Italia n. 720B, in order to express an opinion on the consistency of the Report on Operations, with the financial statements of ISP CB Pubblico S.r.l. as at 31 December 2023 and on its compliance with the applicable laws and regulations, and in order to assess whether it contains material misstatements.

In our opinion, the Report on Operations is consistent with the financial statements of ISP CB Pubblico S.r.l. as at 31 December 2023 and complies with the applicable laws and regulations.

With reference to the statement required by art. 14, paragraph 2, subparagraph e), of Legislative Decree n. 39, dated 27 January 2010, based on our knowledge and understanding of the entity and its environment obtained through our audit, we have no matters to report.

ISP CB PUBBLICO S.R.L.
Via Monte di Pietà 8 MILAN
Tax Code 05936150969
REPORT OF THE BOARD OF STATUTORY AUDITORS
TO THE QUOTAHOLDERS' MEETING AT THE TIME OF APPROVAL
OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 31 DECEMBER 2023
PREPARED IN ACCORDANCE WITH ARTICLE 2429, PARAGRAPH 2, ITALIAN CIVIL
CODE
(Translation from the Italian original which remains the definitive version)

To the Quotaholders of ISP CB Pubblico S.r.l.

During the year ended 31 December 2023, we carried out our work in accordance with the legal provisions and the Rules of Conduct for Boards of Statutory Auditors of Unlisted Companies issued by the National Board of Chartered Accountants, published in December 2020 and in force since 1 January 2021.

In this report we provide details of the work carried out and the results achieved.

The annual financial statements of ISP CB Pubblico S.r.l. as at 31 December 2023, prepared in accordance with the Italian regulations governing their preparation, which show a break-even result for the year, have been submitted for approval to the Quotaholders.

The Board of Statutory Auditors is not responsible for conducting the independent audit and has therefore carried out the supervisory activities on the financial statements as envisaged in Rule 3.8. of the "Rules of Conduct for Boards of Statutory Auditors of Unlisted Companies" consisting of an overall summary check to verify that the financial statements have been correctly prepared. The verification of the correspondence with the accounting information is the responsibility of the independent auditors.

The independent auditors, EY S.p.a., have delivered their report dated 18 March 2024, which contains an unqualified opinion.

Based on the information provided in the report prepared by the independent auditors, the annual financial statements as at 31 December 2023 give a true and fair view of the financial position, operating results and cash flows of the Vehicle, and have been prepared in accordance with the regulations governing their preparation.

1) Supervision in accordance with Articles 2403 and following of the Italian Civil Code

We supervised compliance with the law and the articles of association and with the principles of sound management and, in particular, the adequacy of the organisational, management and accounting structure adopted by the Vehicle and its effective functioning.

We attended the quotaholders' meetings and the board of directors meetings and, based on the information available, we have no particular issues to report.

We obtained information from the management body, suitably in advance and also during the meetings held, on the general performance and outlook of operations, as well as the most significant transactions, in terms of size or characteristics, carried out by the Vehicle and, based on the information obtained, we have no particular observations to report.

We exchanged the data and information necessary to perform our supervisory activities with the independent auditors in a timely manner.

We met with the supervisory body and no critical concerns emerged regarding the proper implementation of the organisational model that require mention in this report.

We examined and supervised the organisational, management and accounting structure and its effective functioning, also by gathering information from the heads of functions, and we have no particular observations to report in this regard.

For the aspects under our responsibility, we examined and supervised the adequacy and functioning of the management and accounting system, as well as its reliability in correctly representing operational events, by obtaining information from the heads of functions and examining the company documents, and we have no particular observations to report in this regard.

We did not receive any reports from the quotaholders pursuant to Article 2408 Italian Civil Code or Article 2409 Italian Civil Code.

We did not file any complaints with the Court pursuant to Article 2409 Italian Civil Code.

During the year, the Board of Statutory Auditors did not issue any opinions or observations envisaged by law.

During the supervisory activities carried out, as described above, no other significant facts emerged that require mention in this report.

2) Observations concerning the annual financial statements

Based on the information provided in the report prepared by the independent auditors "the annual financial statements give a true and fair view of the Vehicle's financial position as at 31 December 2023 and of the operating results and cash flows for the year ended on that date in accordance with the International Financial Reporting Standards adopted by the European Union".

To the best of our knowledge, in preparing the financial statements the directors have not departed from the legal provisions set out in Article 2423, paragraph 5, Italian Civil Code.

3) Observations and proposals concerning the approval of the financial statements

In view of the results of the work carried out by us and the opinion provided in the audit report issued by the independent auditors, we do not find any reasons to prevent the approval, by the quotaholders, of the financial statements for the year ended 31 December 2023, as prepared by the directors.

Lastly, we remind you that the term of office of the current independent auditors will expire with the approval of these financial statements, and that the vehicle did not deem that the conditions existed for the renewal of the engagement, taking into account that on 19 December 2023 the Board of Directors of the Parent Company had approved the early termination of the ISP CB Pubblico Programme.
