- A total of 12 regional offices in Italy to serve businesses and families

Turin/Milan, 26 February 2021 – Intesa Sanpaolo launches a new and important **reorganization of the Banca dei Territori Division**, led by Stefano Barrese, creating four new regional offices to support the real economy in a complex phase and further enhance the service offering throughout Italy. **The new regional structure will be operational from 12 April**, the day of the merger by incorporation of UBI Banca into Intesa Sanpaolo, in line with previous announcements by Carlo Messina, CEO of Intesa Sanpaolo.

The redistribution of **Regional offices** – which increase in number from 8 to 12 – underlines the effectiveness of the Banca dei Territori Division service model, which has always been attentive to local needs, and makes the most of the professional contribution from UBI Banca that is now an integral part of the Intesa Sanpaolo Group.

The main changes include the creation of **four new Regional Offices** with an overall strengthening of the ability to serve the communities in which the bank operates. **Certain existing regional offices will also be reorganized**, in the shared goal of strengthening initiatives that favor the Group's main assets: its **customers**, **territories and people**.

The four new regional offices – Northern Lombardy; Southern Lombardy; Southern Piedmont and Liguria; Basilicata, Puglia and Molise – will be located respectively in Bergamo, Brescia, Cuneo and Bari, areas in which Intesa Sanpaolo's presence is particularly strengthened thanks to the acquisition of UBI Banca. The 12 regional offices will be led by eight managers from Intesa Sanpaolo and four from UBI Banca.

In line with the Group's long-standing **commitment to gender balance**, **Cristina Balbo** and **Francesca Nieddu** have been appointed to lead two regional offices.

Facilitated by an integration process that is progressing swiftly and effectively, the Banca dei Territori Division will initiate all the formal and organizational steps in the coming days, enabling the new divisional structure to be operational from 12 April. The new network will consist of more than 5,000 branches and operating points throughout Italy.

In addition to the existing **Impact department**, a **new Agribusiness department** will be created, based in Pavia, each with its own network of branches.
