

EU Sustainable Energy Week 2012

"EU Sustainable Energy Week", reference event in Europe on the theme of environmental sustainability to help achieve the European objectives in terms of renewable energy, energy efficiency, clean transport and alternative fuels. Each year, the Bank promotes and participates in initiatives on this subject.

In 2012, this event was held from 18 to 22 June and Intesa Sanpaolo took part with two initiatives: **the inauguration of the first CARIVE branch "Energy 0" in Venice Marghera** on June 19, and **the meeting "The future of the rice sector and renewable energy"**, organized together with Agriventure and Vercelli Chamber of Commerce on June 21.
