Changing finance, financing change

On June 27, the event Sustainable and Responsible Investment "Emissions of greenhouse gases and portfolio risks", organized by the Forum per la Finanza Sostenibile (Forum for Sustainable Finance) and UNEP-FI, in partnership with Intesa Sanpaolo and Eurizon Capital, took place in Milan at the premises of Intesa Sanpaolo in Piazza Belgioioso.

During the event the report "Measuring, managing and disclosing the carbon intensity of investments and investment portfolios", drawn up by the UN Environment Programme Finance Initiative (UNEP-FI), was presented.
